Communication is lots of fun! Let me show you how it's done.

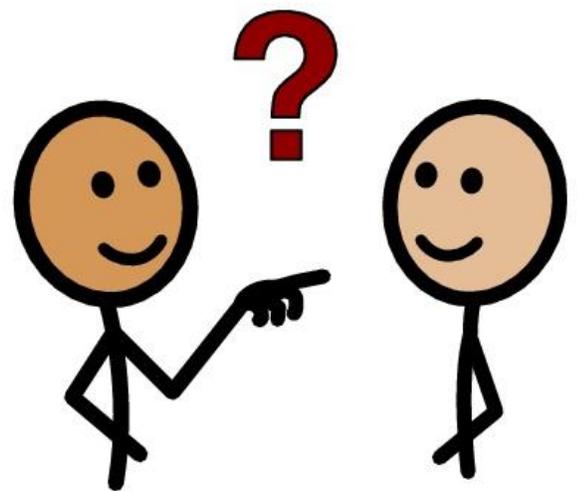

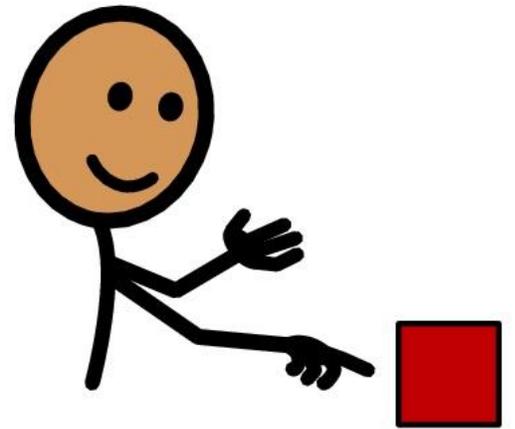

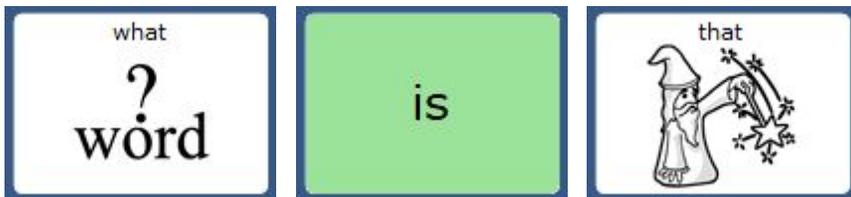

I can use my fingers, hands, head, and eyes to tell you what to do and why.

I can tell you to stop or go, jump high or low, and even tell you, I don't know.

I can ask a question like what is that or who are you.

I can even ask for a shoe that's blue!

blue

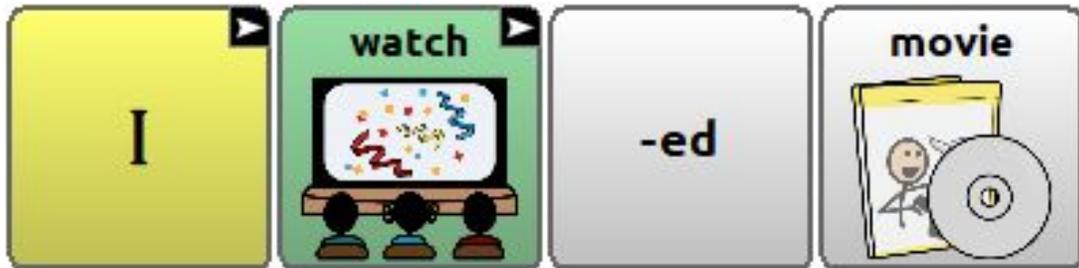

shoe

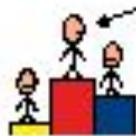

please!

I can tell you about my weekend or about my best friend.

My

best

friend

is

Ben.

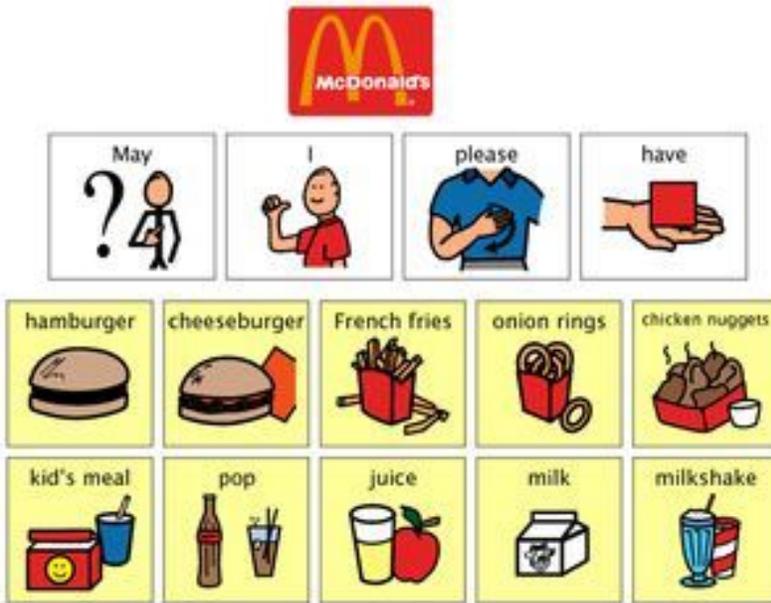

I can tell you my name and even my favorite video game.

I can talk at school or I can talk at home.

I can talk in a restaurant and even on the phone.

I like to talk with everyone everywhere,
because communication rocks! Next
time you see me, come over and talk!
